excited to announce for 2010, is the addition of "Starting Corrals" for the event! Each participant in the Full and Half Marathon will be assigned a "Start Corral" designated by a letter on their race bib. This letter will indicate which corral to line up in at the start of the race. The first corral will be for seeded runners, then there will be seven additional corrals where participants will be assigned based on their estimated finish times. This will make for an orderly start of the event, spread the participants out more on the course, and help participants start with people of similar speeds.
